This is the template for the abstract of your presentation for the Hot Atomic Workshop 2018 [1]. Do not modify the format of the document (Times New Roman font, 11pt, line spacing 110%, margins top 3cm, left 2.54cm, right 2.54cm, bottom 2.54cm, gutter 0cm, justify text) [2]. We recommend to make your abstract in a single paragraph. After editing the abstract, you can convert it to a pdf format using a page setup of A4, not US letter, and submit it through the submission link in the conference webpage. You may have a figure as shown below with a caption. Please insert a line before and after the figure. Thanks for your contribution.

Figure 1. The figure caption begins with “Figure 1.” in bold face. The font is also Times New Roman 11pt with a line spacing of 110%.
